

2835-120L LED STRIP LIGHT

OTSEN 2835-120 LED STRIP LIGHT

OTSEN LED 2835 -120L Strip Light, crafted for superior performance in various settings. With 10W per meter, it delivers a high lumen efficiency of 100 lumens per wattage, ensuring vibrant illumination. Engineered for durability and stability, it maintains consistent performance with excellent heat dissipation. Perfect for homes, shops, offices, or entertainment areas, it enhances ambiance with superb lighting quality. Each 5-meter roll offers installation flexibility, complemented by a high Color Rendering Index (CRI) exceeding 90 for accurate color representation. Elevate your space with the OTSEN LED 2835 -120L Strip Light – the ultimate lighting solution.

Application Areas

- Residential
- Hotels
- Hospitality
- Commercial
- Offices
- Schools

IP Rating
IP20

5 M Roll

Colour Rendering Index
≥90

Product Features

- Higher Lumen Efficiency achieves 100 lumens per wattage.
- Superior Heat Dissipation.
- Versatile and customizable LED strip cutting to desired lengths.
- High Color Rendering Index Ra - : > 90
- Protection Type IP 20
- 5 Meters Per Roll
- Lifetime 30000 Hours

Product & Information

Luminaire Details	Product Name	OTSEN LED STRIP LIGHT 2835-120L
	Product Type	STRIP LIGHT LED
	Product code	OT-2835-120L-10W
	Wattage	10W
	Luminaire Type	SMD
	Luminaire Efficacy	100lm/W
	Luminaire Flux	5000Lm/Roll
	Source brand	EPISTAR
	CRI	>90
	Input Voltage	DC12V/DC24V
	Frequency Range	50-60 Hz
	Beam Angle	120°
	Power Factor	>0.9
	LED Qty.	120 LED
	IP Rating	IP20
	Light Emission	Surface Emission
	Available CCT	2700K, 3000K, 4000K, 6500K, RED, GREEN, BLUE, PINK, PURPLE, AMBER
	Material	3M Tape on the back side of PCB
	Life Span	30000 Hrs.
